

★ BETWEEN + INTERCHANGE RANKS ★

Reasoning | Ch03 Seating + Syllogism | Topic 1 of 12

► Meaning in one line

Ends-2-middle , swap , new-ranks.

► Key points

Point	Example
between = total-L-R.	total 30, 9L 22R? between = $30-9-22+2 = 1$? use ends-2-mid... verify.
swap + recompute.	A 8L↔B 12L in 25: A now 12L = 14R; B now 8L = 18R.

★ IMPORTANT FOR EXAM

Multiple + shortcut

⚠ TRAP - read twice

No-minus-2 + 'between = subtract' + swap-blind

✓ **Try yourself:** Total 40, 12L, 25R. Between? **Answer:** $40-12-25+2 = 5$? verify: $12+25+5-2 = 40$ ✓.

★ MULTIPLE CONSTRAINTS + SHORTCUT ★

Reasoning | Ch03 Seating + Syllogism | Topic 2 of 12

► Meaning in one line

Clues , table , place.

► Key points

Point	Example
table + clues + place.	fill ends, then middles.
L+R-1, mirror, between.	-

★ IMPORTANT FOR EXAM

Seating (single-row)

⚠ TRAP - read twice

Clue-skip + 'obvious' + table-mess

✓ **Try yourself:** Method + table. Steps? **Answer:** Clues + table + place.

★ SINGLE ROW: SAME + SOUTH FACING ★

Reasoning | Ch03 Seating + Syllogism | Topic 3 of 12

► Meaning in one line

Ends , left/right , face.

► Key points

Point	Example
facing North: left = left.	2nd left of A = position-2.
facing South: left = right.	mirror all.

★ IMPORTANT FOR EXAM

Double-row + unknown + negative

⚠ TRAP - read twice

Face-miss + 'left always' + mirror-blind

✓ **Try yourself:** South-facing, 3rd left of X (pos 5)? **Answer:** Mirror: $5+3 = 8$ th from left.

★ DOUBLE ROW FACING EACH OTHER ★

Reasoning | Ch03 Seating + Syllogism | Topic 4 of 12

► Meaning in one line

Opposite , mirror , rows.

► Key points

Point	Example
Rows + opposite + mirror.	-
Ex: A faces B: A-left = B-right.	-

★ IMPORTANT FOR EXAM

Unknown/gap + negative

⚠ TRAP - read twice

Same-row + 'left = left' + opposite-miss

✓ **Try yourself:** Rows face; A-left = B-? **Answer:** B-right (mirror).

★ UNKNOWN + NEGATIVE CLUES ★

Reasoning | Ch03 Seating + Syllogism | Topic 5 of 12

► Meaning in one line

Blanks , gaps , NOT , neither.

► Key points

Point	Example
blanks + possibilities + eliminate.	-
NOT/neither + cross.	not-A + not-B → C/D.

★ IMPORTANT FOR EXAM

Circular (center)

⚠ TRAP - read twice

Fill-guess + 'probably' + NOT-ignored + no-eliminate

✓ **Try yourself:** Method + blanks/NOT. Steps? **Answer:** Possibilities + eliminate.

★ CIRCULAR: FACING CENTER ★

Reasoning | Ch03 Seating + Syllogism | Topic 6 of 12

► Meaning in one line

Clockwise , anticlockwise , left/right.

► Key points

Point	Example
Center-facing: left = anticlockwise, right = clockwise.	-
Ex: 8 around, A faces center, 3rd left = 3 anticlockwise.	-

★ IMPORTANT FOR EXAM

Outside + mixed

⚠ TRAP - read twice

Row-rules + 'left = left' + circle-blind

✓ **Try yourself:** Center-facing, 2nd right of Y (pos 1 of 6)? **Answer:** Clockwise 2 → pos 3.

★ FACING OUTSIDE (REVERSAL) ★

Reasoning | Ch03 Seating + Syllogism | Topic 7 of 12

► Meaning in one line

Reverse.

► Key points

Point	Example
Outside: left = clockwise, right = anticlockwise.	-
Ex: mirror of center-rules.	-

★ IMPORTANT FOR EXAM

Mixed + neighbor + anchor

⚠ TRAP - read twice

Center-rules + 'same' + reverse-miss

✓ **Try yourself:** Outside-facing, 3rd left of Z? **Answer:** Clockwise 3.

★ MIXED FACING ★

Reasoning | Ch03 Seating + Syllogism | Topic 8 of 12

► Meaning in one line

Some-in , some-out , mark , track.

► Key points

Point	Example
Mark in/out + track.	-
Ex: arrows + per-person rules.	-

★ IMPORTANT FOR EXAM

Neighbor + anchor

⚠ TRAP - read twice

All-center + 'facing obvious' + mark-miss + no-track

✓ **Try yourself:** Method + mixed-marks. Steps? **Answer:** Mark + track + per-rule.

★ NEIGHBOR + OPPOSITE + ANCHOR ★

Reasoning | Ch03 Seating + Syllogism | Topic 9 of 12

► Meaning in one line

Beside , across , fixed , start.

► Key points

Point	Example
beside + adjacent.	immediate neighbors both sides.
fixed + start + build.	anchor A, place rest.

★ IMPORTANT FOR EXAM

Syllogisms (All/Some/No)

⚠ TRAP - read twice

Skip-neighbor + 'opposite = far' + no-anchor + drift

✓ **Try yourself:** Opposite in 8-circle? Neighbors count? **Answer:** 4 apart; 2 (or 1 at ends... 2).

★ VENN: ALL/SOME/NO BASICS ★

Reasoning | Ch03 Seating + Syllogism | Topic 10 of 12

► Meaning in one line

All-A-B , No-A-B , Some-A-B , Some-not , circles , overlap.

► Key points

Point	Example
All A are B: A inside B.	All cats animals.
No A is B: disjoint. Some: overlap. Some-not: part-outside.	-

★ IMPORTANT FOR EXAM

Possibility + ONLY + trap

⚠ TRAP - read twice

Some = all + 'No = opposite' + circles-missed

✓ **Try yourself:** Draw: No dogs are cats. **Answer:** Two separate circles.

★ POSSIBILITY + ONLY STATEMENTS ★

Reasoning | Ch03 Seating + Syllogism | Topic 11 of 12

► Meaning in one line

May/can , possible.

► Key points

Point	Example
possibility.	possibly-true conclusions follow IF possible.
Only-A-are-B = All-B-are-A? No: reverse carefully.	-

★ IMPORTANT FOR EXAM

Trap-frame + explicit-facts

⚠ TRAP - read twice

Possible = true + 'Only reverses'

✓ **Try yourself:** 'Only A are B' → 'All B are A'? **Answer:** No — verify reverse; Only-A = $B \subset A$? All-B-are-A valid? Only A are B means $B \rightarrow A$ yes valid.

★ SYLLOGISM TRAP + EXPLICIT FACTS ★

Reasoning | Ch03 Seating + Syllogism | Topic 12 of 12

► Meaning in one line

Universal/particular , negative , middle.

► Key points

Point	Example
traps.	two negatives → no conclusion.
explicit-only.	use given, not known.

★ IMPORTANT FOR EXAM

General/specific + two-conclusions

⚠ TRAP - read twice

Outside-knowledge + 'real world' + middle-missed

✓ **Try yourself:** Two negatives conclude? **Answer:** No valid conclusion.
