

★ COMMUNICABLE + PATHOGENS ★

GS | Ch06 Disease + Plants | Topic 1 of 11

► Meaning in one line

Spread vs lifestyle , germ types.

► Key points

Point	Example
Communicable spreads + noncommunicable lifestyle.	flu vs diabetes.
Pathogens: virus/bacteria/fungus/protozoa.	TB bacteria.

★ IMPORTANT FOR EXAM

Vectors + transmission

⚠ TRAP - read twice

Germ-only + 'disease asked' + spread-miss + type-miss

✓ **Try yourself:** Spread + germ + type + disease + sort? **Answer:** Spread + pathogen.

★ VECTORS + TRANSMISSION ROUTES ★

GS | Ch06 Disease + Plants | Topic 2 of 11

► Meaning in one line

Carrier , air/water/food/contact.

► Key points

Point	Example
Vectors: mosquito/fly/rat carry.	malaria + plague.
Routes: air/water/food/contact.	ORS for watery loss.

★ IMPORTANT FOR EXAM

Immunity + antigen

⚠ TRAP - read twice

Bite-only + 'spreads asked' + carrier-miss + route-miss

✓ **Try yourself:** Carrier + route + bite + disease + link? **Answer:** Vector + route.

★ IMMUNITY + ANTIGEN/ANTIBODY ★

GS | Ch06 Disease + Plants | Topic 3 of 11

► Meaning in one line

Born vs built , flag vs fighter.

► Key points

Point	Example
Innate born + acquired after expose/vaccine.	skin + memory.
Antigen flags + antibody fights + specific.	blood groups.

★ IMPORTANT FOR EXAM

Vaccine + antibiotics

⚠ TRAP - read twice

Immune-only + 'defence asked' + born-miss + flag-miss

✓ **Try yourself:** Born + flag + fight + defend + sort? **Answer:** Immunity + antigen.

★ VACCINE + ANTIBIOTICS TRAP ★

GS | Ch06 Disease + Plants | Topic 4 of 11

► Meaning in one line

Prevent , bacteria-only.

► Key points

Point	Example
Vaccine: weak/killed + trains.	BCG/polio + UIP link.
Antibiotics kill bacteria + useless in virus + complete course.	no self-dose.

★ IMPORTANT FOR EXAM

Prevention + photosynthesis

⚠ TRAP - read twice

Drug-only + 'cure asked' + prevent-miss + virus-miss

✓ **Try yourself:** Prevent + limit + virus + shield? **Answer:** Vaccine + antibiotic.

★ PREVENTION + PHOTOSYNTHESIS ★

GS | Ch06 Disease + Plants | Topic 5 of 11

► Meaning in one line

Hygiene , sun-cook.

► Key points

Point	Example
Prevention: hygiene/vaccine/vector.	handwash + nets.
Photosynthesis: $\text{CO}_2 + \text{water} + \text{sun} + \text{chlorophyll} = \text{glucose}$.	green lab.

★ IMPORTANT FOR EXAM

Factors + transpiration

⚠ TRAP - read twice

Green-only + 'plant asked' + prevent-miss + equation-miss

✓ **Try yourself:** Hygiene + equation + cook + prevent + link? **Answer:** Prevent + photo.

★ PHOTO FACTORS + TRANSPIRATION ★

GS | Ch06 Disease + Plants | Topic 6 of 11

► Meaning in one line

Rate levers , water loss.

► Key points

Point	Example
Factors: light/CO2/water/temp + rate.	cloudy slows.
Transpiration: stomata loss + pulls water up.	wilting noon.

★ IMPORTANT FOR EXAM

Transport + reproduction

⚠ TRAP - read twice

Sun-only + 'plant asked' + factor-miss + loss-miss

✓ **Try yourself:** Rate + loss + pull + plant? **Answer:** Factors + transpire.

★ PLANT TRANSPORT + SEXUAL REPRO ★

GS | Ch06 Disease + Plants | Topic 7 of 11

► Meaning in one line

Xylem/phloem , flower/fruit.

► Key points

Point	Example
Xylem water up + phloem food both ways.	girdling test.
Flower: pollinate + fertilize + fruit/seed.	mango seed.

★ IMPORTANT FOR EXAM

Asexual + auxin

⚠ TRAP - read twice

Pipe-only + 'plant asked' + direction-miss + flower-miss

✓ **Try yourself:** Pipes + flower + direction + seed + link? **Answer:** Transport + repro.

★ ASEXUAL + AUXIN ★

GS | Ch06 Disease + Plants | Topic 8 of 11

► Meaning in one line

Clone , bend-to-light.

► Key points

Point	Example
Asexual: runner/bud/graft/tissue + same.	potato + rose.
Auxin: tip + stem bends to light + root grows.	sunflower tracks.

★ IMPORTANT FOR EXAM

Other hormones + tropisms

⚠ TRAP - read twice

Seed-only + 'repro asked' + clone-miss + bend-miss

✓ **Try yourself:** Clone + bend + tip + light + sort? **Answer:** Asexual + auxin.

★ HORMONE SET + TROPISMS ★

GS | Ch06 Disease + Plants | Topic 9 of 11

► Meaning in one line

Ripen/sleep , move-to-stimulus.

► Key points

Point	Example
Gibberellin stem + cytokinin divide + ABA sleep + ethylene ripen.	-
Tropisms: photo/geo/hydro moves.	roots down + fruit ripen.

★ IMPORTANT FOR EXAM

Ecosystem + chains

⚠ TRAP - read twice

Hormone-only + 'plant asked' + role-miss + move-miss

✓ **Try yourself:** Role + move + ripen + hormone + link? **Answer:** Hormones + tropism.

★ ECOSYSTEM + FOOD CHAIN ★

GS | Ch06 Disease + Plants | Topic 10 of 11

► Meaning in one line

Unit , links.

► Key points

Point	Example
Ecosystem: living + nonliving + interact.	pond + forest.
Chain: linear links + grass/deer/lion.	who eats whom.

★ IMPORTANT FOR EXAM

Web + trophic

⚠ TRAP - read twice

Green-only + 'eco asked' + unit-miss + link-miss

✓ **Try yourself:** Unit + links + living + chain + sort? **Answer:** Eco + chain.

★ FOOD WEB + TROPHIC LEVELS ★

GS | Ch06 Disease + Plants | Topic 11 of 11

► Meaning in one line

Net , levels.

► Key points

Point	Example
Web: many chains net + stable.	forest net.
Trophic: levels + 10 percent up.	less top predators.

★ IMPORTANT FOR EXAM

Till end: pyramids + conservation!

⚠ TRAP - read twice

Chain-only + 'web asked' + net-miss + percent-miss

✓ **Try yourself:** Net + levels + percent + web? **Answer:** Web + trophic.
